**In-service Training Programme on Cancer Registration for Cancer Registry Staff at Cancer Treatment Centres**

National Cancer Control Programme (NCCP) in collaboration with Cancer Treatment Centres expects to conduct an In-service training programme on cancer registration for the cancer registry staff in each cancer centre. The objective of the programme is to empower cancer registry staff at each cancer treatment centre to expedite the process of generation of cancer incidence data in timely manner.

It is expected that every cancer centre will select two officers (medical officer/ nursing officer/ development officer) who involve actively in cancer registration for this training programme.

The in-service training programme will include on-line lectures, hands on training and follow up sessions. Under this training programme, it is expected to conduct 2 day training programme in Colombo.

The details of the programme are given below.

<b>Time period</b>	2 days (most probably in November 2020 /December 2020, considering country situation)
<b>Venue</b>	Venue to be decided
<b>Time</b>	9.00 a.m. – 4.00 p.m.

Limited no. of shared accommodation will be available at the conference venue.

Please send the nominations (medical officer/ nursing officer/ development officer) on or before **31<sup>th</sup> of October 2020** by completing the attached application to: Director, National Cancer Control Programme, 555/5, Public Health Complex, Elvitigala Mawatha, Colombo 05.

Further information can be obtained through 011-2368627 from Dr. (Mrs.) Nirmala Jayanthi / Mrs. Chamila Peiris (Public Health Nursing Sister) of Strategic Information Management unit of NCCP.

Thank you.

**Dr. Janaki Vidanapathirana**

Director
